RAF BOMBERS
FROM BRITAIN
BLAST TURIN

**Six Planes Fly 2,000 Miles To
Support Allied Campaign
in Sicily.**

By The Associated Press
LONDON, July 13—Home-based bombers of the RAF struck a heavy blow at Turin in northern Italy last night in operations co-ordinated with the allied invasion of Sicily, the British announced today.

The raiders encountered bad weather both on the outward and return trip, the announcement said, but the sky was clear over its target area and they unloaded the usual heavy concentration of bombs on their objectives.

Taking a different route going around the big bombers flew a round trip of approximately 2,000 miles.

Because of the bad weather the aircraft were dispersed on the return flight, it was said, and figures on losses were not immediately available, but they were reported "about normal" for such an operation.

Support Sicily Drive

The raid was described authoritatively as "part of the combined operations now going on in the Mediterranean."

Turin has been raided 23 times since the start of the war, the last time being the night of Feb. 4 when home-based British bombers delivered a heavy and concentrated attack on the city. Three planes were lost in that raid. Turin is the site of important Italian war industries.

An Italian communiqué broadcast by the Rome radio, reported that 101 persons had been killed and 263 injured in the raid on Turin and acknowledged considerable damage.

The long flight negotiated by the raiders last night was regarded here as particularly remarkable because there were only about six hours of darkness to cover the movement.

Alerts Set Off

Passage of the British planes over Europe touched off air raid alerts in Bern, Geneva and other cities in Switzerland shortly after midnight.

A German broadcast recorded by The Associated Press said that bombs had dropped at four places in Switzerland, but caused no casualties. One British plane, the broadcast said, crashed near Bourg-en-Lavaux on Lake Geneva, killing the crew of four.

Even before the night raiders had returned, formations of allied aircraft were seen setting out across the English channel in the direction of northern France to continue the offensive against Europe by daylight.

German air raiders carried out a sharp attack last night on a British east coast town, causing numerous casualties and damaging scores of buildings.

Fifth Son Joins
Armed Service

A five-star service flag will hang in the window of Mr. and Mrs. R. L. Young of 141 Reed Avenue when their fifth son reports to the Great Lakes Naval training station, Great Lakes, Ill., soon.

The first son to enter service was Pvt. William D. Young. He is married to the former Miss Alice Wade of 335 Park boulevard and is stationed at Bernicia, Calif. Prior to his enlistment he was employed at the Curtiss-Wright Plant in Columbus. Cpl. Robert E. Young, who was the second son to enter the armed services, was employed at the Marion Steam Shovel Co. and is now sustained in North Africa. Donald L. Young, technician fifth class, was inducted next and is stationed at Camp Hood, Texas. Prior to his induction he was employed at the Davidson-Jones pattern works.

Pvt. Jack W. Young, the third son to enter the Army, left Marion today after spending a 15-day furlough at Ft. Lewis, Wash., and was previously employed at the Scioto Ordnance Plant. Paul S. Young, the fifth son to enter the service, has entered the Navy and is waiting to report to the training center at Great Lakes. He was drafted recently at the Foster Manufacturing Co.

All of the young men are graduates of Harding High School. One daughter, Patricia Young, is at home.

NEW DRAFT BILL
UP IN SEPTEMBER

By The Associated Press

WASHINGTON, July 13—New draft legislation, including a proposal to require all adult men and women to register for service, will be the subject of extensive hearings by the house military committee when the congressional recess ends in September.

By that time, Chairman May (D-Ky.) said today, the committee hopes to have available more data bearing on the prospect of inducing fathers.

Whether we shall expedite legislation, already passed by the Senate, to boost the government payments to dependents of drafted men will depend in a large measure on the outlook two months from now," May said.

May said he shared a general belief among committee members that the induction of fathers would be put off for some time, perhaps indefinitely. In that event, he explained, the need for boosting federal payments already provided would be lessened.

However, he added, should the outlook in September indicate the early induction of fathers, additional financial provisions for them would have to be made speedily, by Congress.

Also on the committee's docket for early consideration is the Austin-Wadsworth national service bill under which all men and women would be required to register for assignment to services where there was a need for them—in the armed forces, industry or agriculture.

Nazis Throw Full Weight
Against Red Belgorod LineVon Kluge Abandons All Effort To Break Through
Defenses in Northern Sector.

By The Associated Press

MOSCOW, July 13—Field Marshal Gunther Von Kluge threw the entire weight of his armored columns into a furious attack today against the southern end of the 200-mile Orel-Kursk-Belgorod front in an action designed to enlarge the Belgorod wedge and blast a major breach in the Russian lines.

Dropping all efforts to break through on the northern end of the front, the Russians suffered "heaviest losses," the German communiqué said, including a total of 400 tanks and 123 aircraft.

Nazi Give Up At Orel

The tremendous success of the Red armies was indicated by an announcement today that the Germans have "despaired" of breaking through on the Orel-Kursk sector, after suffering immense losses in one of the most determined attacks they have launched since the nine-day offensive started. Today, the Russians said, German forces on this sector have been considerably reduced in size and are being used merely to consolidate their present positions.

While the Russian midnight communiqué reported that German attacks were somewhat weaker in the northern area around Orel, the Soviet army newspaper Red Star said the struggle around Belgorod was daily becoming "more acute," with the Nazis hurling wave after wave of 60-ton Tiger tanks into the fray in an attempt to widen a wedge they drove into the defenses last week.

Nazi Efforts Blocked

A few details are now trickling through about the fighting of the past few days around Belgorod. After breaking through into Russian positions, Von Kluge's columns attempted to exploit the wedge by launching numerous attacks in different directions, front line dispatches said.

When these failed, the Nazis were reported to have buttressed their own lines under cover of darkness, quickly erecting defenses and tank barriers to forestall Russian flank attack. The German columns then turned north and attempted a breakthrough on a narrow sector but were again repulsed, the dispatches said.

Need for a levy to finance the expenses of the school was foreseen early in the calendar year

JAPS LOSE FOUR
SHIPS AT KULA

**Cruiser and Three Destroyers
Sunk in Sea Battle Still
in Progress.**

By The Associated Press

ALLIED HEADQUARTERS IN THE SOUTHWEST PACIFIC, July 13—A Japanese cruiser and three destroyers were sent to the bottom of the Kula gulf—graveyard of at least nine other enemy warships—by guns of the United States Navy in a battle which began last night.

Two other enemy destroyers probably were sunk and enemy losses may be even greater after all reports are in. The battle still was in progress, it was indicated, at the time preliminary reports were received today by Gen. Douglas MacArthur from Admiral William F. Halsey.

Already Japan has expended between 13 and 17 cruisers and destroyers in two battles in the central Solomons while trying to hold apart the jaws of a trap which American jungle fighters are clamping on the enemy air base of Munda.

Both battles in the Kula gulf occurred as units of the Japanese Navy moving down from the northern Solomons encountered United States war vessels blocking New Georgia's coastline along the gulf. In the first battle July 5-6, loss of the cruiser U. S. S. Helena was acknowledged. Available reports on the second battle mentioned no United States losses.

Today's action-packed account from General MacArthur showed Japan everywhere losing the fight for Munda. In the air above it and in the seas offshore.

Ten miles northeast of it, a Japanese ground force of considerable strength was trapped and wiped out. Munda has been cut off from its supply port on the Kula gulf by a barricade bristling with guns thrown across the connecting jungle track. East of it, American jungle fighters are less than two miles away.

Offshore, United States warships for the second time in less than a week pumped shells under cover of darkness on Munda, an air base whose seizure would put American invasion forces within fighter plane range of Rabaul.

Twenty Japanese Zeros came over Munda and were driven off with a loss of five against one of ours. Across from Munda on Rendova Island, six United States planes were lost while a Japanese bomber, two Zeros and a twin-engined fighter were being shot down.

Vote Set on City School Levy

**Two-Mill Proposal To Be Submitted at Primary
Aug. 10; Needed for Operating Expenses.**

Support of a two-mill levy to meet the increasing operating expenses of the city schools for 1943-44 will be asked by the city board of education at the primary on Aug. 10 as a result of an action taken at a meeting of the board yesterday afternoon at the school administration building.

The levy, which would run for two years, would raise an estimated \$77,855.90 based on 100 percent collection.

Receiving the unanimous approval of the board also was the tentative budget set for the year, calling for \$515,303.35 for the general fund and \$66,509 in the bond coupon account. Monday, Aug. 10, was set as the date for public hearings on the budget, at the school administration building.

The resolution to seek the two-mill levy was passed unanimously by the board, and was read by

BRITISH RACE NORTH
TO TAKE AUGUSTA;
YANKS REACH RAGUSA

By The Associated Press

British forces striking swiftly and audaciously up the eastern coast of Sicily have captured the port of Augusta and landed near Catania halfway up the coast, while allied forces to the south have swept into three towns to seal off virtually the entire southeastern corner of the island, allied announcements said today.

The succession of victories came with breath-taking swiftness.

Augusta is a port 19 miles above Syracuse, captured Saturday.

Catania is the Italian bastion midway along the coast in the allied drive to seize all that area north to Messina and close off Sicily from the mainland. Catania lies 30 miles north of Syracuse.

In rapid-fire succession, allied headquarters announced capture of Floridia, Palazzolo and Ragusa in an arc across the southeastern tip of Sicily in a lightning all-out noose.

American troops meanwhile were advancing in the west.

Floridia is eight miles inland from Syracuse, and Palazzolo 22 miles inland. Ragusa, a strategic rail and highway center, is 12 miles southwest of Palazzolo, and about 12 miles from the southern coast. Thus was a line drawn across the jutting corner.

The allied communiqué said that bridgeheads had been extended as deep as 20 miles inland at some sectors.

With capture of Ragusa American forces on the southern shore of Sicily formed a junction with the Canadians and British.

Rome earlier acknowledged that a bridgehead had been established at Augusta. It was bombarded Monday by a strong flotilla of allied cruisers.

The veteran American troops repelled a fierce counterattack by axis forces, destroying a number of enemy tanks and taking prisoners, a headquarters bulletin announced.

Palazzolo and Ragusa are prizes of great strategic value, being junctions for virtually all the major and secondary highways in southeastern Sicily.

U. S. PLANES SMASH
SICILY FERRY SHIPS

By The Associated Press

CAIRO, July 13—More than 80,000 pounds of high explosives were dropped on the twin targets of Reggio, Calabria and San Giovanni on the Italian mainland, while fighters and fighter bombers sustained their assault on enemy troop columns and communication lines.

Ragusa, the well-covered with bunkers, was hit by the American Liberators.

Details of the new landings near Catania were not given immediately, but it was assumed they were made by units of the veteran British Eighth Army which originally attacked that side of the island.

Allied losses in the capture of Augusta were officially described as slight. Port and harbor installations were said to have been undamaged.

Bomb bursts were noted all along the railway tracks in the San Giovanni yards, the communiqué said, and added that a large explosion was seen in the siding area.

At Reggio Calabria, fuel and ammunition dumps were hit and large fires started.

The Liberators met no further opposition, but the communiqué described the anti-aircraft fire as "very heavy."

One of the bombers failed to return, allied officers said.

Ships Rush Supplies

Pilots of allied bombers participated in the furious aerial onslaught against axis targets throughout Sicily, reported that the Sicilian straits still were choked with transport and supply ships carrying reinforcements to the British, American and Canadian forces which spearheaded the invasion.

Axle forces which for the second time attempted to slow the American advance from the south were reported to have used tanks of French origin. The counter-attack was known to have been smashed and reports from the front said Patton's men were making "good progress."

Ragusa, where the Americans and Canadians were reported to have made their junction, has a population of 50,000 and is the capital of the province of the same name. Comiso airbase, which was pounded continually by the allied airforce in the days preceding invasion, is only a few miles west of Ragusa and was expected to fall in a matter of hours.

Palazzolo, due west of Syracuse, is the terminus of a branch line from that port city. It has a popula-

LETTERS FROM OUR READERS

AGAINST STORE CLOSING

Editor: — The Star, I am a 16-year-old boy in a local school. My sleeping hours are 4 a.m. to 12 noon. I often find myself up in the evenings. On Wednesday, I went out to get some sleep in my room. I got up at 8:30 p.m. in case no one else got in before me. There is at least many more like me & work similar shifts and find the same inconvenience. I wonder what our local storekeepers would think if we fasted for 16 hours and 12 minutes, why shouldn't he have an afternoon or evening off? Thus you're 16 hours off from work?

I think about it. Why shouldn't a war worker with 16 working hours, lack of sunshine and fresh air, constant companion of the same workers (not necessarily hour's and daily), why shouldn't he have an afternoon or evening off from work to play?

I am not asking for an afternoon or evening off, I am asking that those stores work some more to aid war effort. The farmers especially need this help. If the storekeepers could help me with my time by staying open Wednesday, then I could save more time to the farmer. Yours for an all out war effort.

Magnetic Springs.

A punctured tire was the direct cause of a three-car collision at Magnetic Springs at 10:30 last night, in which Mrs. Myrtle Bee of 1101 Birchwood, a passenger in one of the autos, suffered leg and shoulder injuries.

Edward Jessie Preston, 34, of Greenfield was driving his sedan down the main street of Magnetic Springs when one of his tires blew out, sending his car against the side of Charles Bee, husband of the injured woman, the state highway police reported.

In his car, in turn, he struck a hard job from the collision and was bounced against the car of Murray F. Stark of Magnetic Springs. The Stark machine was only slightly damaged and the operator was not injured.

Preston suffered nose injuries. Both he and Mrs. Bee were treated by a Magnetic Springs physician.

All-Stars Ready To Play Ball Tonight

Southworth Names NL Team but McCarthy Still Not Certain.

By The Associated Press

PHILADELPHIA, July 13.—They're settling on schedules at midsummer night's dream party tonight, on the way it snakes up. It looks like the St. Louis Cardinals' annual secret meeting of the American leg.

The National League boss, Bill Southworth, is going to meet or get together with a pre-veteran starting set headed by five members of his own cardinals' card, including his right-hand rifleman, Mort Cooper. But Yankee Manager Joe McCarthy, after looking over his American league squad, has come up with a line-up that bears a striking resemblance to doctored line-ups.

STRAIN IS TELLING IN ASSOCIATION RACE

Indianapolis Blows Chance To Widen Lead.

By The Associated Press

TODAY'S 100-mile race in the midwest circuit championship was a hard-fought affair, but Indianapolis won the lead.

The 100 by 100, a part of the 100-mile racing when right-hander Paul Crump dropped from Indianapolis last Friday, has been a source of trouble since the race was postponed.

The up-and-coming Louie LaBelle, who had won one game at St. Paul in a tie, is leading the Stamps 4 to 1.

Lefty Vic Johnson's

consolidating their hold on third place, the Cardinals' Red Riegel won a clean sweep of their two-game series with the Kansas City Blues with a final 2-1 decision.

Lefty Doakson selected his seventh victory after beating Don Headenbeck in a hard-fought duel.

Emile Verban, with 3-for-3, was

a vital factor in the Blue's offensive.

His single in the fifth

set up a run and another safety

in the seventh drove in the deciding marker after the Blue's Roy Zimmerman had doubled to score

in the sixth.

By HUGH FULLERTON, JR.

NEW YORK, July 13.—The National and American leagues to the contrary notwithstanding,

the real all-star team is due to play today at San Francisco, not Philadelphia. Col Russ Newland gives us this list of service stars who will oppose the Oakland-San Francisco squad in a benefit game: The starting battery will be Charley (Red) Ruffing and Harry (The Horse) Duran; Joe Hartin (Dodgers) and (Hugger) Ardoin (Yankees) will be on hand to pitch. For relievers there are Chuck Stevens (Browns), Lieut. Charley Genninger (Tigers), Cookie Lavagetto (Dodgers), Darle Lodigiani (White Sox) and Nanny Fernandez (Braves). Outfielders include Max West (Braves); Wally Judnich (Browns); Joe Marti (Phillies) and Myrl Haag (Yankees) wot to Joe DiMaggio?

One-Minute Sports Page—Alabama may be the next big name added to the "no football" list. The Tide is all tied up by lack of non-army material. It required intervention by League President Ford Frick to persuade Ernie Lombardi's draft board to advance Schnozz's screen test yesterday so he could play in the all-star game.

What You Buy With WAR BONDS

Fatalities Lower

Injuries on our fighting fronts are
fewer than during the first World
War but fatalities are much lower
owing to the increased care and
aid our medical units are affording
the wounded.

Operating tables in base hospitals
cost \$400 each, and our War Bonds
will have to buy thousands of them
to provide our wounded with every
chance to recover.

War on the home front entails
some discomforts and hardships, but
workers are also afforded the op-

BIG 1944 HARVEST ASKED OF FARMERS

By The Associated Press

WASHINGTON, July 13—Calling
on farmers to mobilize every
crop acre and farming facility for
a record harvest next year, Mar-
tin Jones, head of the war food
administration announced today
the government in 1944 wants
380,000,000 acres of crops planted
and meat, dairy and egg produc-
tion maintained at high levels.

The projected acreage is an in-
crease of 16,000,000 over that
planned for 1943 harvest and
Jones explained:

"The program recognizes that
demands for food will be impa-
tient for several years and that
sound practices must be followed to
insure highest possible yields
over a period of years."

Included in the program, he
said, are measures to assist farmers
in carrying out conservation
practices and in maintaining
maximum productivity of their
land.

He promised that considerably
more machinery and fertilizer
would be available for the 1944
crop.

Jones said there was need for
more dry beans and peas, soy-
beans, potatoes and peanuts which
have high food value. He said to
obtain adequate increases in such
crops, the WPA would continue to
support prices at levels de-
signed to bring the needed pro-
duction volume.

A specific goal of 68,000,000
acres of wheat was set for 1944,
compared with 54,149,000 acres
for harvest this year. Goals for
other crops will be announced as
soon as this year's yields can be
determined.
